Dear Students,

Welcome to the Visible Music College Academic Catalog and the 2019-20 academic year! We trust that this year will be marked by these four words: together, inspired, drive and focus. As believers walking together in creativity, we find fullness in Jesus and joy in our community. Visible has always sought to unify Christian community with modern music education by relational ministry. We focus on the four pillars the college is founded on -- Global, Spiritual, Professional, Academic.

**Global : God’s Kingdom**
Visible Music College recognizes the kingdom of God as God’s authority over his creation globally - his rule is over all people in all lands in all the world. We are a part of the bride of Christ, the church, in this world. As such, everything we do is global and connected to his will and intent. We have multiple campus sites in a testament to this core belief.

**Spiritual : Visible**
We are a spiritual community of believers called to be salt and light to the world. We focus on spiritual formation in all that we do, from the classroom to student housing to pastoral care. The staff at Visible are dedicated to the spiritual growth and wellbeing of each and every student and we work to make Visible (our Christian ministry word derived from Dietrich Bonhoeffer’s book *The Cost of Discipleship*) a joyful place.

**Professional : Music**
We train musicians, technicians, and business professionals for service in the church and the industry. Hands-on training in the classroom and a microcosm of the music industry within the college experience provides opportunities for students to gain practical experience in both the Church and industry on a daily basis, working towards real careers in music.

**Academic : College**
As an accredited college, our faculty and staff are committed to seeing our students achieve academic excellence in their field of study and develop a passion for a life of learning. Our small class sizes and individual lessons give students ample one-on-one time with their professors. Extra help, tutoring, performance opportunities, and many other resources are readily available to ensure every student has the opportunity to succeed.

**Visible Music College >> Global Spiritual Professional Academic**
Visible is focused on personal, relational outworking of discipleship through the Christian disciplines. We emphasize spiritual formation through clear biblical understanding, vibrant life in the Holy Spirit, and relational discipleship within a community of support. I am asking students and staff to risk giving of yourself this year: in patience, determination, attitude, accommodation for new experiences and a love for the body of Christ. We are asking you to lead your fellow students and peers, with passion for Christ and a live open to growth.

See yourself. See God. Be Visible.

For His kingdom,
Dr. Ken Steorts
Founder and President
PREFACE
This Academic Catalog sets forth the curricula, requirements, and policies in effect at the time of its publication. The program checklists are valid for students who maintain continuous enrollment (students who miss no more than one semester at a time) beginning in the 2019-2020 academic year. Students who do not maintain continuous enrollment will lose the right to use their initial program checklists and must use the catalog in force at the time of re-enrollment. All students are bound to the policies published in the latest Academic Catalog; thus, it is important that each student understand current policies.

Visible Music College reserves the right to alter any part of this Academic Catalog at any time as dictated by national standards, accreditation criterion, and best practices. In the event of an alteration, the Vice President of Academics will send a college-wide e-mail describing the change, the affected parties, and provisions for anyone who may be adversely affected by the change. Exceptions to policies are granted by the Vice President of Academics, who determines whether the exception would be in the student’s best interests.

Visible Music College provides the opportunity for students to increase their knowledge, skill, character, and spiritual growth by providing the various programs with faculty who are trained and qualified for instructing those programs. However, the acquisition of knowledge by the student is contingent upon the student’s desire and ability to learn and the application of appropriate study and learning techniques.

Visible Music College admits students of any age, gender, disability, race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the College. It does not discriminate on the basis of age, gender, disability, race, color, national and ethnic origin in administration of its educational policies, admissions policies, scholarship and loan programs, and other school administered programs. This policy extends to both employment by and admission to the college. Inquiries concerning discrimination and charges of violations of the above policy should be directed to the Vice President of Academics.

This Catalog is maintained by the Vice President of Academics with input from the President, Vice President Team and the Academic Development Team.

This Catalog was last updated August 11, 2019.
ABOUT THE COLLEGE

Authorization
Visible Music College is authorized by the Tennessee Higher Education Commission [404 James Patterson Parkway, Suite 1900, Nashville, Tennessee, 37243-0830, (615) 741-5293]. This authorization must be renewed each year and is based on an evaluation by minimum standards concerning quality of education, ethical business practices, health and safety, and fiscal responsibility.

Visible Music College is also authorized for operation as a postsecondary educational institution by the Illinois Board of Higher Education [431 East Adams Street, 2nd Floor, Springfield, Illinois, 62701-1404, (217) 782-2551], the Texas Higher Education Coordinating Board [P.O. Box 12788, Austin, Texas, 78711, (512) 427-6200], and the Bureau of Private Post-Secondary Education [P.O. Box 980818, West Sacramento, CA 95798-0818, (916) 431-6959]. Programs offered by Visible Music College does not require a professional exam and/or offer programs that are regulated by the Texas Workforce Commission.

Visible Music College is also recognized by the National Council for State Authorization Reciprocity Agreements (SARA-NC) as a member institution based in our home state of Tennessee. We adhere to the standards established by the council for institutions that offer post-secondary distance education. This allows students based in other states to take online classes at Visible Music College. Information about SARA, including the participating states and institutions, can be found at their website http://www.nc-sara.org/.

Accreditation
Visible Music College is a member of the Transnational Association of Christian Colleges and Schools (TRACS) [PO Box 328, Forest, VA 24551; Telephone: 434.525.9539; e-mail: info@tracs.org] having been awarded Reaffirmation I of its Accredited Status as a Category II institution by the TRACS Accreditation Commission on April 29, 2014; this status is effective for a period of ten years. TRACS is recognized by the United States Department of Education (DOE), the Council for Higher Education Accreditation (CHEA), and the International Network for Quality Assurance Agencies in Higher Education (INQAAHE). Since that time, Visible Music College has also been authorized for Certificate and Master's degree, bringing the college to a Category III status, as well as being authorized for Distance Education.

History
Visible Music College was created by Dr. Ken Steorts with the goal of training the next generation of artists in music, discipleship, worship and ministry. Ken was the founding guitarist, songwriter, and road manager of the rock band Skillet. While touring with the band he saw a large number of young Christian musicians with great character but little skill or with great skill but little spiritual leadership. Ken envisioned an education center where academic and vocational study of music would be combined with character-building discipleship and community. In the winter of 1999, Ken left the band to create a program that could train well-trained, passionate musicians and world-changers.

During the Spring of 2000 Dr. Ken Steorts and Rick Miller traveled to Coventry, England to observe Nexus Academy of Music Ministry. Visible Community School of Music and Worship Arts was launched in Fall 2000 as a ministry of Grace Covenant Church (Lifelink Church).
with a nine-month training program. Twenty-one students from across North America and the United Kingdom were enrolled in the 2000-2001 charter class.

The college began pursuing national accreditation with TRACS (Transnational Association of Christian Colleges and Schools) in 2003 and received formal accreditation in Fall 2009. On May 14, 2005, Visible Music College granted its first three Bachelor of Ministry degrees. After nine years of growth, the original campus in Lakeland, Tennessee became too small and Visible Music College began a $6 million capital campaign to move the college and its dormitories to downtown Memphis. Visible Music College acquired the iconic C&I Bank Building in Downtown Memphis as its education center in 2009. During renovation classes were moved to Lifelink Church in the Cooper-Young District in Memphis.

The college moved into their downtown Memphis campus in late Summer 2011. The campus includes five floors of performance, practice, classroom and administrative space. Renovations of the basement level concluded in August 2014, opening up new recording and production studios, along with space for our Music Business Department and Madison Line Records. Plans of renovation for the fifth floor are underway and this space will become the Whalum Center for Music that will include our full Library and Student Center.

Visible Music College is committed to a philosophy of education that prioritizes community through teaching, accountability, and discipleship. Therefore, enrollment growth will be achieved through partners and teaching sites around the United States and world. SchallWerkStadt (www.schallwerkstadt.de), a partner campus in Holzen, Germany, opened in Fall 2011. A teaching site was opened in Lansing, Illinois, for the 2014-2015 academic year and was approved to function as a branch campus in the Spring of 2016. A teaching site in Dallas, TX, opened in the 2016-2017 academic year. Also, beginning in the 2016-17 academic year, the college received authorization to name their degrees as Bachelor of Applied Arts. In the 2017-2018 academic year, we re-opened our one-year Certificate programs. In 2018-2019, teaching sites in Atascadero and Redding, California were opened, with new programs in Acting and Dance launched in partnership with Bethel Conservatory of the Arts (www.bethelconservatory.com) at our Redding, CA teaching site. In 2019-2020, we linked up with Bethel School of Technology (www.betheltech.net) to offer a Certificate in Full-Stack Web Development. Also, in 2019-2020, the college received authorization to identify their degrees as Bachelor of Arts.

FOUNDATIONAL STATEMENTS

Vision
Visible Music College is a global spiritual community of musicians, technicians, and business professionals serving the Church and society with our collective energy and talent, fostering an environment of creativity, worship, and innovation in artistic endeavors for the glory of God and to the benefit of all people.

Mission
Visible Music College trains and equips musicians, technicians, and business professionals in skill and character, with accredited degrees, for effective service in the music industry and in the Church.

Statement of Faith

THE BIBLE
We believe that God has revealed Himself and His truth in the created order, in the Scriptures, and supremely in Jesus Christ. We believe that the Scriptures of the Old and New Testaments are verbally inspired by God and inerrant in the original writing, so that they are fully trustworthy and of supreme and final authority in all they say.

GOD
We believe in one sovereign God, eternally existing in three persons: the everlasting Father, His only begotten Son, Jesus Christ our Lord, and the Holy Spirit, the giver of life; and we believe that God created the Heavens and the earth out of nothing by His spoken word, and for His own glory.

JESUS CHRIST
We believe that Jesus is true God and true man, having been conceived of the Holy Spirit and born of the Virgin Mary. He died on the cross a sacrifice for our sins, according to the Scriptures. Further, he arose bodily from the dead, ascended into heaven, where at the right hand of the Majesty on High, He now is our High Priest and Advocate.

THE HOLY SPIRIT
We believe that the ministry of the Holy Spirit is to glorify the Lord Jesus Christ, to convict persons of sin, and to regenerate the believer by indwelling, guiding, instructing, and empowering him/her for godly living and service. The Holy Spirit gifts persons for the edification of the Church and for testimony to the reality of Jesus Christ to the unbelieving world.

THE CREATION
We believe God created Heaven, the cosmos, and earth. We believe that God created all things and that life originates in God. We believe that mankind was created in God’s own image, distinct from all other living creatures, and in a state of original righteousness.

SALVATION
We believe that our first parents sinned by rebelling against God’s revealed will and thereby incurred both physical and spiritual death, and that as a result all human beings are born with a sinful nature that predisposes them to sin in thought, word, and deed.
We believe in the existence of Satan, sin, and evil powers, and that all these have been defeated by God in the cross of Christ.

We believe that the Lord Jesus Christ died for our sins, according to the Scriptures, as a representative and substitutionary sacrifice, triumphing over all evil; and that all who believe in Him are justified by His shed blood and forgiven of all their sins.

We believe that all who receive the Lord Jesus Christ by faith are born again of the Holy Spirit and thereby become children of God and are enabled to offer spiritual worship acceptable to God.

THE CHURCH
We believe the very nature and purpose of God is revealed in His Church. Jesus came and established it as His Body in the earth. We believe the Church Universal consists of all who live under Jesus’ lordship, while the Church Local is a body of believing people, baptized and joined together, practicing the new covenant.

THE FUTURE
We believe in the personal and imminent return of our Lord Jesus Christ, who will personally, visibly, and unexpectedly return to this earth, in power and great glory, for his Bride, the Church, and to bring his kingdom to fulfillment.

We believe in a final judgment at the end of the age. The righteous and the wicked shall stand before Him and be judged. Those who have righteousness produced by faith will be rewarded with the privilege of ruling and enjoying His eternal blessings. Those who are wicked will be eternally punished.

Values

WORD AND SPIRIT
Visible Music College bases its philosophies and practices on revealed biblical truth and the powerful presence of God in our midst. The Scriptures, both Old and New Testaments, are the inspired Word of God, without error in the original writings, the complete revelation of His will for the salvation of mankind, and the Divine and final authority for all Christian faith and life (from our Statement of Faith). The experienced presence of God in our daily lives causes us to apply the Word of God in a balanced, graceful way.

THE VISIBLE COMMUNITY
The visible community, defined as “salt and light” by Dietrich Bonhoeffer in The Cost of Discipleship, is the Church globally. The truth of Scripture and the empowering presence of God are expressed daily in the context of the Church – the visible community of believers. Unity in the body of Christ permeates successful Christian communities, and Visible Music College supports the mission and context of the local church as the biblical expression of the larger visible community, equipping servant leaders to proclaim the universal kingdom of God.

BIBLICAL COMMUNITY
Biblical community is evident as God’s love and grace is displayed towards each person in the college, as all gain a healthy and proper image of self and God. This community creates opportunity for practical application of the Word, defines worship as all of life given to our Creator, and promotes holistic growth of the individual believer. The college promotes love for one another reflected in truth, kindness, relational ministry, interdependence, and
honest communication, with an appreciation of calling and an encouragement of one another through exemplification of the fruit of the Spirit.

**HOLISTIC EDUCATION**

Visible Music College is educational and spiritual in its purpose, committed to providing a holistic, artistic education filtered through God’s purposes. Our educational approach challenges students with academic, professional and spiritual elements. Holistic education incorporates academic achievement, natural talent and spiritual gifting, with accountability toward excellence and a commitment to becoming more like Jesus Christ as a prime motivation.

**LIFE INTEGRITY**

The members of the Visible Music College community act individually and corporately in a manner worthy of the call of Christ through the understanding and application of His Word, the impression and direction of His Spirit, and the revealed grace of the life of Jesus Christ. A deep identification with the Father, Son, and Holy Spirit brings transformation and integrity of personal thought, belief, and action. Transparency, openness, respect for people and property, and consistency of character are integral to the operation of the college – to benefit individuals and the larger community because of our devotion to God.

**DEDICATED SERVICE**

The Church, as a steward of God’s kingdom in the world, is mandated to care for others and be a servant to the weak. The fruition of this ideal is obedient service within the Church, a servant heart within the local community, and compassionate service to the world at large through an empowered lifestyle of grace balanced with truth, Spirit poised with scripture, justice tempered with mercy, and authority permeated with humility.

* A summation of our Values would be “See yourself, see God, be visible.” We believe that believers first begin to see themselves as they are, they next see God who transforms them through his Word and Spirit, then go out into the world positively and effectively.

**Institutional Philosophy**

Here are the four areas in which we work daily as a uniquely designed Christian community with a global, spiritual, professional, and academic philosophy.

**GLOBAL**

With a high value placed upon the Word and the Spirit, Visible Music College maintains a global frame of reference in regards to the Church through our relationships to ministries, schools, and local churches, for the advancement of the kingdom purposes of God throughout the Earth, optimizing the valuable resources of like-minded institutions. Our perspective is one of unity with these organizations and service to and through the body of Christ globally.

**SPIRITUAL**

Visible Music College emphasizes personal and community spiritual growth and provides an environment of spiritual direction and nurture in the corporate identity of believers in Christ and in the mission of the Church, overseeing the spiritual development of students and promoting that of the staff through relational ministry. With a central value of biblical community, Visible Music College provides on-campus housing for students and endeavors to communicate clearly and fairly through our Open Communication Policy.
PROFESSIONAL
Visible Music College provides students with a high value, intense, private Christian higher education for successful entry into music industry careers and music ministry. We provide Christian discipleship training for students to serve local churches in addition to professional training for effective life ministry within the music industry. Visible Music College maintains a positive, accountable relationship with ministries, business, authorities, and media, and our efficient business systems within the college allow us to adjust quickly to challenging environments.

ACADEMIC
Visible Music College values a holistic approach to education, with an educational synthesis of academic, professional, and spiritual growth modeled in the context of artistic apprenticeship. Visible Music College draws its unique strength from a blended Faculty of traditionally and experientially trained educators, practitioners, and ministers, with adjunct professional artists and ministers.

Institutional Philosophy of Education

God the Creator is the consistent source of all truth and knowledge.

The integration of principles and Holy Spirit-revealed truth from the scriptures is the foundation of instruction.

Authentic Christian life must be shared from instructor to student, alongside fact and revelation from sources.

Clear, honest, and non-threatening communication is essential to the processing of knowledge and wisdom.

The college creates a holistic educational experience within a safe spiritual environment. A committed and qualified Students staff oversees the spiritual development of students.

The educational program intentionally consists of one-third mentoring/discipleship, one-third post-secondary music studies, and one-third vocational/professional practicum. All vocations have a ministerial purpose; all programs are offered in accelerated formats for the entrepreneurial pursuit of career and ministry; and all curricular formation is guided by these three organizational commitments.

• Spiritual Formation assists students in developing character, integrating one’s faith into every aspect of life and in developing a lifestyle of devotion, service and leadership in the church and marketplace.

• Professional Formation assists students in developing the essential skills in their area of expertise for the purpose of equipping them to become cultural transformation agents.

• Academic Formation assists students in developing a critical mind and in gaining a broad knowledge base applicable to their area of specialty.
Institutional Educational Objectives

As an institution of higher education with a focus of training for the music industry and the church, we purpose to accomplish these objectives with regard to our entire student population:

• To impart, share, and uncover knowledge of God, the Bible, arts, and Christian life.
• To know and relate the scriptures to life as dedicated and Holy Spirit-led believers.
• To develop purpose and biblical character for the extension of the kingdom of God.
• To increase understanding of and desire for the Church, Christian community and interdependence of believers.
• To discover and internalize the beauty of God’s creation in artistic endeavor and ministry.
• To become people of vulnerability and inquisitiveness, demonstrative in love and peace, and balanced in discourse.
• To exercise professional skills in specific fields with competence, clarity, and purpose.
• To develop academic and practical skills for the pursuit of life-long learning.
• To produce men and women of concern and action in service towards all people.

AUDITION AND INTERVIEW
The audition process is designed to evaluate prospective students and determine their reasonable ability for success at Visible Music College. During this process, applicant skills and talents are evaluated. Students also meet with the the Vice President of Students for an interview. The entire interview process is intended to help qualify prospective students for possible entrance into the college as well as to inform them concerning all that will be expected of him or her as a Visible Music College student. If a student is being considered for Conditional Acceptance, he or she will have an interview with the Vice President of Academics or Lead Academic Officer at the specific branch campus or teaching site.

All Modern Music applicants will be asked to complete a Theory Placement Test. Applicants to the Modern Music Program will be placed into Theory 1 or may, in some cases, test into a higher level theory course. If a student transfers with theory credits, those will be applied to the student's degree and he or she will be placed in the appropriate theory course.

Upon completion of the Audition, the Faculty member who administers the Audition will make his or her recommendation regarding the applicant’s acceptance into their programs.

ADMISSIONS ACCEPTANCE CATEGORIES
The Director of Enrollment and/or the Admissions Committee will determine to which category an applicant is accepted, based on the following criteria:

Full Acceptance
An incoming student will be Fully Accepted if he/she fully complies with the Minimum Admissions Requirements as listed above.

Conditional Acceptance
An incoming student may be admitted on Conditional Acceptance if the student does not meet the criteria for Full Acceptance, but shows the potential to do so. The student must demonstrate improvement in the conditional area within the student's first semester as determined by the Director of Admissions, Vice President of Students, and the Vice President of Academics. Failure to maintain Satisfactory Academic Progress in the student’s first semester can result in academic suspension at the end of the semester. The student may also be required to have a personal interview and/or to furnish additional recommendations from school, church, or community persons.

Denial of Acceptance
An Applicant who does not meet the Minimum Admissions Requirements and shows no promise of doing so, will be denied acceptance to Visible Music College. Applicants who are denied acceptance may re-apply the following year and will be required to repeat the entire Application Process.

Further Notes
Students will be notified of their acceptance status after completing the Admissions Process. Due to the limited number of students accepted each year, an applicant may be accepted but placed on a waiting-list for their specific program. If a open spot becomes available in their specific program, they will be able to enroll. If a spot does not become available before regular schedule commences, they must reapply the following year.
RE-ENROLLMENT & RE-ADMITTANCE STUDENTS

Students who previously attended Visible Music College and wish to return will have different requirements based on the length of time that has passed since their last enrollment at Visible Music College.

Re-Enrollment Status

**Category 1: Non-student at Visible for 12 months or less**

If a former student has not been enrolled in Visible Music College classes for a period of less than twelve months, the returning student must:

1. Be cleared by the Business Office. All previous balances must be paid in full.
2. Submit a registration deposit.
3. Notify the Office of Academics that he or she is returning.
4. Complete the Returning Student Form with:
   4.1. One letter of recommendation and
   4.2. One letter detailing what s/he learned and accomplished during his/her absence from Visible Music College.
5. Meet with his/her designated advisor to begin the registration process.

Re-Admittance Status

**Category 2: Non-student at Visible for 1 to 3 years**

If a former student has not been enrolled in Visible Music College classes for a period of one to three years, the returning student will need to submit the following documents:

1. An application to the Admissions Office (along with the application fee),
2. A letter detailing their time since leaving,
3. One new Reference Form,
4. Any updated transcripts. The student must then follow the procedures for a Category 1 Returning student.

**Category 3: Non-student at Visible for more than 3 years**

If a former student has not been enrolled in Visible Music College classes for a period of more than three years or the returning student was expelled, a new application process will need to be completed. This also means the student will be assigned the new Academic Catalog year for which they are re-enrolling.

If a student's time off from school is due to suspension or expulsion, the re-admittance of the student is contingent upon approval by Academic Development Team who will review the re-admittance request with relevant advisors and staff. If approved, the student may work with advisor and registrar to be registered for classes.

AUDITING STATUS

Auditors are those students who choose to take a course without receiving academic credit or a grade for that course. In order to audit a class, the student must complete and submit the Application Form including answers to all essay questions and submit one reference form.

If the student is accepted as an auditor, then he or she will be allowed to audit desired classes. The student may attend class but will not receive credit for the hours taken, nor will they earn a grade. Auditors will not be required to complete any assignments in a particular course, but may choose to do so. However, instructors are not required to grade any
assignments completed by the auditor. A student admitted as an auditor who desires to take classes for credit must meet all admissions requirements including any program admission requirements. Courses taken under the auditor status are not transferable and must be retaken for credit if required by the program.

Permission of the instructor may be required before a student can audit a course. If the course to be audited has a prerequisite, the auditor must receive the permission of the instructor to be able to take the course. Auditing is permitted only if space is available after new student registration.

**DUAL ENROLLMENT PROGRAM**

If the student desires to continue study at Visible Music College after graduating from high school, he or she must complete standard admissions requirements to become a freshman candidate.

**VISITING STUDENT (NON-DEGREE SEEKING)**

Visiting Students are those students who are enrolled at another accredited college or unaccredited program in the United States or other country and intend to not enroll as a full-time student at Visible Music College but rather desire to make a short term stay at Visible and apply their Visible Music College credits to a degree from their home institution or not apply their Visible Music College credits to any college or program at all.

**Limitations**

Visiting Students can only attend one Fall and one Spring semester in sequence as a Visiting Student. However, students may apply to attend unlimited Summer semesters.

Visiting Students cannot earn more than 15 credit hours per semester or 30 credits total from Visible Music College while enrolled as a Visiting Student at Visible Music College.
Admissions Process for Visiting Students
Visiting Students must submit a Visible Music College application along with a $40 non-refundable application fee.

Visiting students are not required to submit official transcripts and supporting documents to be offered admission.

A Visiting Student who desires to become a transfer student at Visible Music College must apply through the Admissions Office and meet all transfer admissions policies, deadlines, and requirements.

Upon review and approval by admissions representative, applicants accepted as a visiting student will be enrolled into either the “Non-degree Seeking Certificate Level” or “Non-degree Seeking Bachelor’s level” depending on the courses they are desiring to take.

Academics for Visiting Students
Visiting Students must still meet all curricular prerequisites in order to take certain classes. An unofficial transcript from a home institution may be necessary to confirm these prerequisites.

Visiting students will utilize the Populi college management system for grades as do all other students. Visiting students will be required to meet the requirements of the syllabus of the courses in which they enroll, including appropriate technology.

Visiting Students may have access to student housing and all will be required to maintain the same community standards and follow the Student Handbook as a Visible Music College student.

Credit transfer options and expectations should be in writing and confirmed before attendance between institutions. Visible Music College does not guarantee any credit transfer to other colleges or programs and expects the Visiting Student to affirm these expectations with the primary program or home institution.

Business Process for Visiting Students
Visiting students will pay up front and in full for courses taken before the courses begin. Financial aid is not expected to apply to Visiting students since they would be attending a home institution or primary program with regards to financial aid.
FINANCIAL AID

The Financial Aid Office is available to assist students in applying for all sources of Financial Aid. We offer various types of financial aid: grants, federal student loans, and scholarships. Any questions or concerns regarding Financial Aid may be directed to the Financial Aid Representative (financialaid@visible.edu). We look forward to serving you in this capacity.

Federal Financial Aid

Visible Music College is Title IV approved and offers Federal Aid to qualifying students.

PELL GRANT

Students are not required to repay Federal Pell Grant. The Pell Grant is need based. The award amount is based on financial need, cost of attendance and enrollment status. Federal Pell Grants are awarded to undergraduate students who haven’t earned a bachelor’s degree.

FEDERAL SUPPLEMENTAL OPPORTUNITY GRANT

FSEOGs are awarded to undergraduate students with exceptional financial need. FSEOG will be awarded to full-time students only. Students must be enrolled in an approved Certificate or Bachelor’s degree program. Students are required to have a zero EFC only.

With the exception of summer terms only, any remaining unused funds may be awarded to all pell grant eligible students who are enrolled at least half time.

Each award will apply as follows.

Bachelors: $200 per term
Certificate: $200 per term

DIRECT STAFFORD LOANS

The student borrower is responsible for repaying all Direct Stafford Loans. All Direct Stafford loans are in-school deferred in which students are not required to make payments until 6 months (a grace period) after graduation or enrollment drops less than half time (6 hours) status.

There are two types of Stafford loans: subsidized and unsubsidized.

Direct Subsidized

Direct Subsidized loans are available to undergraduate students with financial need and the government pays interest while the student attends school. Subsidized loans are interest free while in school. The school helps determine the amount you can borrow, and the amount may not exceed financial need or cost of attendance.

Direct Unsubsidized

The Direct Unsubsidized loans are available to undergraduate and graduate students. Interest is accrued on unsubsidized loans while students are enrolled. The unsubsidized
loans do not demonstrate financial need. The school also assisted with determining the amount students can borrow based on the cost of attendance and other financial aid being received. Students are responsible but not required to pay interest on Direct Unsubsidized Loans during all periods.

DIRECT PLUS LOANS
Direct PLUS Loans are federal loans that parents of dependent undergraduate students can use to help pay education expenses. The Department of Education is the lender. The borrower must not have an adverse credit history, and the maximum loan amount is the student’s cost of attendance (determined by the school) minus other financial aid received. There are flexible repayment options available, allowing parents to request an in-school deferment while the dependent student is attending school.

FEDERAL WORK STUDY
The Federal Work-Study Program provides jobs for undergraduate students with financial need, allowing them to earn money to help pay education expenses. The program encourages community service work and work related to each student’s course of study. Students will earn at least the current federal minimum wage, but the amount might be higher depending on the type of work available and the skills required. Total Federal Work-Study award depends on when students apply, level of need, and the funding amount given to Visible Music College. Commissions or fees must not be paid to Federal Work-Study students. Visible Music College will pay students at least once a month. Also, the school must pay students directly, unless students request that the school make payments to the student’s bank account or use the money to pay for their institutional charges such as tuition, fees, and/or room and board. Students may not work more hours than their total award can pay.

Alternative Loans
Since every student has a different financial need, often times, additional loans are needed to cover the entire cost of tuition. For this reason, Visible Music College has alternative private loan options.

PRIVATE STUDENT LOANS
These are private, alternative loans with various loan limits, so students can borrow as much money as they need to cover the cost of education. Students must be enrolled at least half-time and be working towards a degree, as well as meet certain credit criteria in order to be approved for this loan. A cosigner may be required. Interest rates are variable.

Students interested in private education loans should research what loan company works best for them and follow the procedures for application outlined by each organization. Normally, this process includes selecting Visible Music College as an institution.

Institutional Aid

SCHOLARSHIPS
Visible Music College offers a number of different institutional scholarships for current students, entering freshmen and transfer students. Students will need to explain their
financial needs, detail all attempts to raise support, and how they plan to pay for school. Institutional funds are normally granted only to full-time students. All Visible Music College Scholarship applications are available for download at https://visible.edu/admissions/financial-aid/. Visible Music College also accepts selected scholarships from qualifying outside organizations (not including former colleges or universities). Scholarships from the institution will be applied last and cannot create a credit balance.

**PAYMENT PLAN**

Additionally, Visible Music College offers payment plans with proper application made through the Business Office (financial@visible.edu). In order to register for classes all students must satisfy the registration deposit (one credit hour) unless their balance for the semester is covered in full by financial aid.

**Other Types of Support/Aid**

Students are encouraged to pursue financial aid options for their education through their local community, denomination, and church. Visible Music College is an educational ministry with the mission of training artistic ministry leaders for the transformation of our culture and the edification of the kingdom of God. Please contact your pastor, youth pastor, church leadership, family and friends for additional support as you train for the ministry.

If the student does not withdraw, yet ceases to attend all classes, using the date when the student gave official notification or no later than 14 days after the student ceased attending all classes will be used to calculate the percentage of Title IV funds earned by the student. The student will still need to complete the required withdrawal and exit interview forms. Any student who completes more than 60% of the semester is considered to have earned 100% of Title IV aid disbursed, and no Return of Title IV aid is required. Title IV Financial Aid at Visible Music College includes Unsubsidized/Subsidized FFEL Stafford Loans, FFEL PLUS loan, Pell Grant, FSEOG and Academic Competitive Grant. Federal Work Study is not included in funds that need to be returned.

RETURN OF TITLE IV FUNDS PROCESS
1. The Financial Aid Office calculates the percentage of Title IV funds earned by the student using either the date when the student gave official notification. The calendar days completed in the payment period will be divided by the total calendar days in the payment period excluding scheduled breaks of 5 days or more days.
2. The amount of Title IV aid earned by the student will be determined by taking the percentage of Title IV aid earned in whole dollar amounts multiplied by the total of Title IV aid disbursed plus the Title IV aid that could have been disbursed for the payment period.
3. If the total Title IV earned is greater than the total Title IV aid disbursed, the student will be eligible for a post-withdrawal disbursement. If the amounts are equal, then no further action is necessary. If the total Title IV aid earned is less than the total Title IV aid disbursed, the balance must be returned either by the school and/or the student through the appropriate means.
4. The school is responsible to return the unearned percent of institutional charges for the payment period or entire amount of Title IV aid, whichever is less. The funds must be returned to the following sources in this order: Unsubsidized FFEL Stafford Loan, Subsidized FFEL Stafford Loan, FFEL PLUS, Pell Grant, FSEOG and then other Title IV programs.

5. Whatever the amount of Title IV aid to be returned is left over after the school returns its required portion, the student is responsible to return. Loan amounts are returned in accordance with the terms of the promissory note. No further action is required other than notification by the institution to the holder of the loan of the student’s withdrawal date.

Satisfactory Academic Progress for Receiving Financial Aid

Students must meet the requirements of the Satisfactory Academic Progress policy in order to remain eligible to receive federal, state, and/or institutional aid.

Students failing to meet Satisfactory Academic Progress during a term will be placed on Institutional Aid Probation. If the requirements are not met during the probationary period the student will be placed on Institutional Aid Suspension. They will not be eligible for further institutional aid, and may be required to reimburse the sources of institutional aid that have been disbursed.

   a. A student drops a course or courses or withdraws from the college before the drop date.
   b. The institution cancels a course.
   c. A student who serves in the military is activated for service. In such cases, a copy of the official military orders must be provided with the student’s withdrawal form.
   d. The death of a student.
4. Students who receive Veteran’s Affairs benefits will receive a pro-rated refund of those benefits regardless of the withdrawal date.
5. A student who withdraws (voluntarily or involuntarily) from a course, courses, or the college after the drop date but before expiration of 10% of the period of enrollment for which he/she was charged, will be refunded 75% of all amounts paid or to be paid by or on behalf of the student for the period, less administrative costs of $100.00.
6. A student who withdraws (voluntarily or involuntarily) from a course, courses, or the college after the expiration of 10% but before 25% of the period of enrollment for...
which he/she was charged, will be refunded 25% of the of all amounts paid or to be paid by or on behalf of the student for the period, less administrative costs of $100.00.

7) A student who withdraws (voluntarily or involuntarily) from a course, courses, or the college after the expiration of 25% of the period of enrollment for which he or she was charged, will be liable for 100% of the tuition costs.

8) Any financial credits will first be applied to the student’s account balance. A refund check will only be issued if a credit balance exists.

9) Refund checks will be processed within two weeks of the eligible change.

Housing Refund

If a student is removed from student housing due to disciplinary measures at any point in a semester, he/she will not be given a refund for housing. The student’s housing deposit will be returned less any damages that are assessed by the Housing Coordinator upon checkout.

Any student that moves out of student housing without properly following the checkout procedure will not be refunded the cost of their housing for that semester, nor any portion of their housing deposit.

If there is an outstanding balance, the housing deposit refund will be first applied to that balance. This applies to every refund situation described above.

Questions pertaining to these policies may be directed to the Business Office (financial@visible.edu).

DELINQUENT ACCOUNTS & PAYMENTS

Attempts are made by Visible Music College to collect all funds due to the institution. Students with delinquent accounts will receive notice of their delinquent account. Students are urged to contact the Business Office Manager immediately to settle their delinquent account or make the necessary arrangements. If there are no arrangements made or a payment deadline missed, enrolled students will be removed from all classes until the delinquent account has been settled.

At the end of each semester, students may not re-enroll for another semester, graduate, or receive a transcript until all amounts owed to the college have been paid. Any special circumstances must be referred to the Business Office for review.

Unless the Vice President of Business has been contacted and payment arrangements have been made, students who are no longer enrolled in Visible Music College will be handed over to an outside collections agency. It is the student’s responsibility to contact the college if they change their contact details/information (phone, address, email, etc.). Collection expenses will be billed at cost.
Health Insurance

We strongly recommend that every student have their own health insurance coverage, and that their insurance plan provides medical coverage for the student in the local area of his/her campus or teaching site. It is the responsibility of the student to determine whether his/her health insurance is accepted by local health care providers. Students and their families bear all responsibility for the student’s medical care while they are enrolled at Visible Music College. Visible Music College cannot be held liable for any student’s health or health related conditions.

Accident/Personal Injury

Visible Music College’s insurance company will handle incidents of personal injury occurring in Visible Music College buildings. Claims should be made through the Business Office. Please be aware that there are certain conditions incumbent upon students for proper claim processing. These terms are available from the Business Office.

Please see the Computer Services section of the Student Handbook for more information.

Bachelor’s Program

The college includes the purchase of an Apple laptop with all required software in the cost of full-time tuition. Laptops remain Visible property and on loan to students until they have completed three (3) full-time semesters at Visible. Ownership transfers to students after three semesters. Students who enter as a part-time student are responsible for obtaining the necessary hardware and software before attending class.

Certificate Program

Tuition for the Certificate program does not include all computer technology and all required software provided by Visible Music College. If the student is interested in purchasing a new Apple laptop through the college, along with software, see the charges in the financial section of the catalog. This is the policy whether the student purchased a laptop during the Certificate program or not.

Students may still be required to purchase software if taking a class outside of their major and that course requires specific software. Please check with the course instructor before enrolling in a class to determine any additional software requirements.
All students are encouraged to download a free copy of Microsoft Office 365, as most assignments will require the submission of Word, Excel and PowerPoint files. The link to download is: https://www.microsoft.com/en-us/education/products/office/default.aspx.

During holidays, building access may be limited or unavailable. All communication for specific holidays will come from Operations.

Additional restrictions may apply at individual branch campuses or teaching sites.

Reservations are required for students to use rehearsal rooms and studios. All reservations must be made at least 24 hours in advance and cannot be made for more than 30 days ahead.

**Health Services**

At this time, Visible Music College does not offer any specific on-site health services. A listing of local health services, including reduced-fee services, is available from the Office of Students.

However, one area in which Visible Music College does look to provide support, as available, is counseling and mental health services. While the college does not employee a full-time Licensed Professional Counselor (LPC) and/or Mental Health Service Provider (MHSP), it may look to bring such a person on a contractual, monthly basis or look to refer students to such a local and trusted resource. For more information about this, please contact the Office of Students.

**TEXTBOOK LOAN PROGRAM**

All necessary course textbooks for all classes are made available to students through a semester-long loan. There are a few exceptions in specific courses that include textbooks that are not returned. Unless a book is specifically identified as one to keep, a student should plan on returning all books that they use for the semester. Students must return checked-out textbooks at the end of the semester or pay the replacement cost of the book. Purchase option for these textbooks are available if a student wants to keep the book. For such purchase options, please inquire with the Librarian.
DEGREE PROGRAMS

Overview

Visible Music College is an integrated training experience that challenges students to grow spiritually, professionally, and academically. Each degree program includes a core of Bible, Theology, and Ministry courses that teach students to glorify God in the integrity of their thoughts (orthodoxy), emotions (orthopathy), and actions (orthopraxy). The integrity of the student’s spirituality is foundational to professional development, as Scripture informs how to relate to the Creator and His creation—particularly how one ought to respond to the Creator’s invitation to thoughtful, creative, and prayerful engagement in the music industry and the Church. Both the spiritual and professional development are emphasized through the rigorous college-level curriculum.

Philosophically, the “why” (spirituality) precedes the “what” (profession) and the “how” (academics). All three growth areas are represented in the college’s name:

<table>
<thead>
<tr>
<th>Visible</th>
<th>Music</th>
<th>College</th>
</tr>
</thead>
<tbody>
<tr>
<td>Spiritual</td>
<td>Professional</td>
<td>Academic</td>
</tr>
</tbody>
</table>

The integrated training is experienced through intensity, immersion, and investment.

INTENSITY

Each of Visible’s three (3) baccalaureate degree programs are rigorous and seek to equip the student through spiritual, professional, and academic development. Thus, the student must navigate more than an academic course load and must consider the demanding implications of Visible’s spiritual commitment and professional demands. The typical course load is approximately 15-18 hours per semester.

IMMERSION

Each of Visible’s three (3) baccalaureate degree programs integrate theory and practice to support student’s professional and academic development. Students are immediately immersed in his or her major courses, labs, and seminars.

INVESTMENT

The student must wisely invest time and energy in the curriculum and community to get the most out of what Visible Music College has to offer. Investment in the curriculum is accomplished through hard work and careful time management. Investment in the community happens in sharing life together in the classroom, in worship, in lessons, at Winter Retreat, and in homes. With an estimated 1:5 staff to student ratio, the staff are readily available to disciple, coach, and teach students. The staff is committed to helping each student grow into effective musicians, technicians, and business professionals.
Educational Philosophy and Intellectual Freedom

Visible Music College balances its values with intellectual freedom. As an institution of higher education, Visible Music College values intellectual freedom and recognizes that free speech and free inquiry are necessary for effective and intelligent dissemination of ideas. However, Visible Music College also recognizes that there can be no such thing as unlimited freedom of expression in word or act. Intellectual freedom has limits and cannot be invoked to justify the following ideas or expressions:

- Academic dishonesty (cheating, plagiarism, etc).
- Slander
- Hate speech
- Pornography

All ideas and views should be presented in a Christian context. All staff and students who publicly represent the college are expected to abide by the Visible Code of Conduct and respect the Bible, the Statement of Faith, the stated foundational purposes and values of the college, and/or to basic principles embodied in the Constitution of the United States. All are expected to show a respectful and sympathetic attitude toward Biblical doctrine and toward American principles of government.

Philosophy of Core Curriculum

Visible Music College believes that effective service in the music industry and the church requires more than just professional development. Effective service requires a clear, foundational understanding of the relationship between the Creator and His creation. To that end, a Core Curriculum, comprised of courses in Bible, Theology, Ministry, and General Education courses (English/Literature, Communications, Humanities, Physical Science, Mathematics, and Social Sciences) has been integrated into all three degree programs. These courses are designed to help students understand creation, their place within creation, and how they ought to relate to creation and the Creator. The General Education courses encourage students to develop a depth and breadth of knowledge that goes beyond their field of specialization. The Bible, Theology, and Ministry courses progress from a Biblical literacy to theological reflection to practical ministry competency. The Core Curriculum department pursues interdisciplinary connections with each of the three degree programs to reinforce learning and preserve curricular coherence.

**BIBLICAL DISCIPLESHP MINOR**

Throughout a student’s Bachelor’s degree program at Visible Music College, he or she will take a total of 18 semester credits of Bible, Theology, and Ministry (BTM) courses, which serve as part of the overall Core Curriculum of the college. These courses offer a foundational level into the varying fields of biblical, theological, and practical ministry studies. With such, each student will graduate with a Minor in Biblical Discipleship alongside their Bachelor of Arts degree. The specific courses are as follows:

- BTM1043 Introduction to Worship
- BTM1143 Old Testament Survey
- BTM1243 New Testament Survey
- BTM1563 Spiritual Formation
- BTM2363 Introduction to Christian Theology
- BTM4763 Missional Life

**BLITZ COURSES**

Visible Music College offers some classes through a two-week, intensive format, which we call “Blitz”. The two-week, intensive class occurs during the first two weeks of the Fall semester and coincides with Student Orientation. Classes last for four (4) hours each day. Courses may be taught by one instructor at one campus and delivered remotely to other campuses by video.

The following applies to the registration for Blitz courses:

- Blitz courses apply to a student’s Fall semester credit-load, which determines full-time/part-time status.
- Students cannot add or register for Blitz courses after the first day of a Blitz course.
- Blitz courses cannot be dropped after the second day of the class.
- The last day to Withdraw from a Blitz course is the fifth day of the class. At that point, the student will receive a W on their transcript. However, this will not affect the student’s Satisfactory Academic Progress (SAP).
- The refund policy is based on the percentage of the course completed.
DISTANCE EDUCATION

The distance education program covers two modes of delivery: 1) Remote Delivery and 2) Online. Remote delivery classes use video-conferencing technology to deliver a live course from the primary teaching location to additional locations including teaching sites, branch campuses and online students. Online courses have course content and assessments delivered through one of our online delivery platforms.

Remote Delivery

The primary distinction between traditional on-ground class and remote delivery is that the instructor is teaching through a video conferencing software. Students joining from a remote location have the same classroom expectations as those present in the same physical location as the instructor.

Online

Visible Music College offers a number of classes in an online format. These classes are offered through one of two online systems: 1) Populi and 2) Atheneo. Students choosing to take advantage of the flexibility of this delivery format will be registered for the class through our Populi system. If the class is delivered via Atheneo, the student will also be added to the Atheneo system that requires a separate password authentication for logging in. In order to take classes online, a student must be accepted into a degree or certificate program through the regular Admissions process. At this time, Visible Music College does not offer the bachelor’s degree programs fully online. There are a limited number of classes from each Bachelor’s degree that are only offered in an online format. This means that it will be necessary for students to take these classes online in order to complete their program. Some of the certificate programs, specifically the Modern Music, Music Production, Music Business, and Creative Leadership may be completed online by completing the required courses in a combination of remote-delivered and online format. The graduation requirements for a student's degree remain the same regardless of whether some classes are taken as an online class or traditional-delivery class.

Rationale for Delivery Method

Online classes are an alternative delivery method that allows a student to engage the curriculum on a weekly schedule at their convenience. Students must maintain substantive interaction with the faculty throughout the course with required weekly participation that counts towards attendance. Material is presented as readings, videos, and audio files that students review and then submit assessments and assignments. There is no regular schedule meeting with faculty, but there is a faculty facilitating the class and assessing student assignments as they are turned in. Because there is no lecture time, this allows the student to work ahead or work during times that are convenient to them. There is a strong need for students to be self-motivated in order to be successful in online curriculum and to not get behind in material. While there is faculty that initiate the course plan and weekly assignments, students are solely responsible for turning in assignments and completing course assessments.

Changes to Online Classes

Any changes to online class registration will be communicated to students via their Visible Music College email account.
Financial Aid and Credit Load

Students are eligible to apply their financial aid towards online classes. A student’s online classes during the Fall, Spring, or Summer terms count towards their full-time / part-time standings at Visible Music College.

Online Class Support

All students enrolled in online classes are supported by the Director of Distance Education who oversees the courses and enrollments. If the Atheneo platform is utilized for delivery, that specific system has IT support to help students and train students in that platform. Students who need further assistance beyond Atheneo are able to request support from the Director of Distance Education at Visible Music College.

Online Course restrictions for Students on Probation

Because online classes demand a level of academic independence and strong self-motivation, students who are either conditional or on academic probation are limited to taking 1 online class.

Attendance and Participation Requirements for Online Class

Regular attendance is critical for success in any course, and is especially true for online courses. Federal guidelines mandate that substantive engagement in academically related activities constitutes attendance in an online course. Some examples of academically related activities are:

- Participating in any assigned course activity, such as posting a meaningful discussion board post per assignment guidelines, taking a quiz or test, watching course video content in the lesson window, submitting an assignment, etc.
- Discussing the subject matter of the course online with other students via a discussion board or with the instructor, such as discussing the topic of a writing assignment with the instructor.

Importantly, there are some activities that are not considered academically related and do not qualify as attendance in online courses. For example, the following examples do not qualify as academically related activities:

- Emailing the instructor requesting an assignment extension
- Making plans to submit an assignment
- Logging into the course via Populi
- Posting to the course Bulletin Board on the Course Dashboard page
- Posting a self-introduction to a discussion board

Removal from Course for Non-Attendance at the Beginning of a Term

For any given term length, students must engage in academically related activities (as described above) before the drop date listed on the Visible Academic Calendar or be automatically withdrawn from the course for non-attendance. See the chart below for details.

### Lack of Participation During a Term

Federal guidelines mandate that substantive engagement in *academically related activities* constitutes attendance in an online course. During the term, non-participation is counted continuous and not cumulative. This means that failure to engage in *academically related activities* over a specific period of **continuous time** during the term will result in the student being withdrawn from the course and issued either withdrawn failing (WF) or failure (F) depending on when the non-participation occurs in the semester. This period of time is determined by the length of the term. For example, a student will be withdrawn from an online course after 14 continuous days of non-participation during a 15-week term.

#### Length of Continuous Non-Participation by Term

<table>
<thead>
<tr>
<th>Term</th>
<th>Time of Non-Participation</th>
<th>Consequence</th>
</tr>
</thead>
</table>
| 4 Week Term | 7 Days, including weekends | If prior to last day to withdraw, student will be withdrawn from the course and issued the grade of “WF.”  
If after the last day to withdraw, student will be issued the grade of “F.” |
| 7 Week Term | 10 Days, including weekends | If prior to last day to withdraw, student will be withdrawn from the course and issued the grade of “WF.”  
If after the last day to withdraw, student will be issued the grade of “F.” |
| 15 Week Term| 14 Days, including weekends | If prior to last day to withdraw, student will be withdrawn from the course and issued the grade of “WF.”  
If after the last day to withdraw, student will be issued the grade of “F.” |
**Non-Participation During Scheduled Breaks and Weekends**

A student may still participate in an online course during a scheduled break (e.g., Thanksgiving Break, Fall Break, Spring Break) and have it count as participation; however, scheduled break days do not count toward the non-participation that student may be accruing in an online course. Importantly, non-participation does accrue on weekend days that are not considered a scheduled break. Refer to the Visible Academic Calendar for scheduled breaks.

**Reinstatement After Automatic Withdrawal from Online Course**

If a student has been withdrawn from an outline course for non-participation during a term, a student can appeal for reinstatement. Reinstatement to an online course is at the approval and discretion of the Office of the Registrar.

To request reinstatement to an online course, the student must send an email to the Course Instructor, Distance Education Coordinator, and the Registrar specifically requesting reinstatement. This email must include: (1) a valid reason and explanation for why they should be reinstated to the course, (2) a proposed plan for how the student intends to complete the course assignments and requirements during the remainder of the term, and (3) an attachment containing at least one assignment demonstrating further progress in the course.

**Note**: Reinstatement requests that do not include evidence of actual participation will be rejected.

**Limits to Online Course Enrollments**

Any student currently on Academic Probation or Conditional Acceptance is limited to enrollment in one fully online course for the semester.

**Remote Access to Classes with Live Video Broadcast**

**Overview & Rationale**

This policy addresses requests to access course sessions from an off-campus location. It is the intention to provide a campus classroom space for all intercampus courses; however, some special situations and circumstances necessitate providing a means for students to remotely access their courses from an off-site location. Off Campus Remote Access Requests can be granted for a temporary period of time or for the duration of a given term on a class by class basis.

**Acceptable Reasons for Requesting Remote Access**

1) Hardship related to campus travel. Family obligations, extended illnesses.
2) Professional opportunities (internship, music performances, etc).
3) Serious injury or illness requiring an otherwise extended absence.

**Reasons that your Request for Remote Access will be Denied**

1) Course is offered at an inconvenient time or day.
2) Interpersonal conflict with another student.

**Requesting Remote Access**

To request remote access, please complete the [Off Campus Remote Access Request](#)
Requests should be made 48 hours in advance to the date of off-site access. Requests will be forwarded for approval/denial to the Distance Education Coordinator, and you will be notified of a decision. The Distance Education Coordinator will take into consideration Instructor and Academic Office feedback in making the decision.

**Expectations for Students Remotely Accessing Courses**

If approved, accessing your class requires that you are able to attend and access course materials. This includes the following:

1. Having access to a dependable high-speed internet connection.
2. Having a current version of Zoom installed on your computer.
3. Having a dedicated space free of distractions (e.g., no loud coffee shops, roommates walking by, etc).
4. The video feed to remain active for the duration of the session. Audio feed settings to follow instructor’s direction.
5. You are dressed and prepared as if you were on campus.

Failure to abide by these expectations may result in your being marked absent for the session and being removed from the Zoom session.

**INTERCAMPUS TRANSFER**

Visible Music College allows a student to transfer to another community-site and continue working to complete their program. In order to participate in the Intercampus Transfer option, a student needs to:

- Have approval from the student’s Advisor
- Be approved by the Office of Business and Students
- Complete the intercampus transfer form and submit to the Registrar

**SEMESTER IN INDUSTRY**

When a student has a professional and career-building opportunity that exists outside of one of Visible Music College’s primary teaching locations, they may be able to do a study-away “Semester In Industry.” Students may register for classes through the distance education program and utilize internship credits to enroll part-time or full-time. Independent study fees apply if the student requires an independent study for a course. If full-time, the one-credit or zero-credit Visible Community expectation still applies for the student. Students must arrange with the Office of Academics and Students for how the Visible Community course can be fulfilled.

Approval by the Academic Office is required for the Semester In Industry and the student’s academic and student life record will determine eligibility. Students will typically need to have:

- GPA greater than 3.25
- Completed a minimum of 30 credits
- Have no FN’s on zero-credit courses
- Internship documentation completed and approved by Department Chair
- Completed Request of Industry Semester Form with description of opportunity
Limitations apply to what courses may be offered to students. The student should work with their Advisor and Department Chair to consider scheduling of classes and internship expectations.

Due to requirements by Homeland Security and Student Exchange Visitor Program (SEVP), the Semester In Industry option is not available to international students.

**TEACHING SITE LIMITATIONS**

Students enrolled at one of our teaching sites (Dallas, Atascadero and Redding) should note that only 49.5% of credits can be earned from a specific teaching site. Students who want to study at a teaching site will be required to use one of the following options for the completion of a minimum of 50% of their degree.

- Have transfer credits from previous institutions.
- Enroll in classes through distance education with Visible Music College.
- Earn credits at a different teaching site or branch campus of Visible Music College through study away program.

**PROFESSIONAL DEVELOPMENT**

At Visible Music College, we focus on the spiritual, professional, and academic development of our students. So, one of our primary objectives is for you to take personal responsibility for your professional development while attending college so you graduate with opportunities to find gainful employment in a meaningful ministry and career. We believe our graduation requirements (Professional Development Expectations, see below), and the practical nature of the programs – internships, connections, and opportunities through Grammy U, local churches, local music organizations, and others – will launch you into a career of service, both in the church and music industry.

Advising and Registration

ADVISING
Once enrolled, students are assigned to an academic advisor in their program. Academic advisors help students plan their course of study each semester and provide academic counsel throughout the year. Advisor aid does not abrogate the student’s responsibility to understand and fulfill all degree program requirements. Students are solely responsible for the accuracy of their registration and progress toward graduation.

REGISTRATION
Courses and lessons are offered on a first-come, first-served basis. Students are encouraged to register for the next semester as soon as possible during the Registration period listed on the Academic Calendar. During the first week of Registration, only students whose degree program require lessons may register for lessons. After the first week of Registration, any student may register for lessons, provided that the instructor has available openings. The student must be cleared with the Business Office and submit a registration deposit before scheduling a meeting with his/her advisor for registration. Advisors provide guidance, unlock the student’s registration, allow the student to edit his/her registration, and lock the registration once the student is finished. Students are solely responsible for the accuracy of their registration and progress toward graduation. Students are responsible for understanding their financial aid status and financial obligations, and are advised to check with the respective offices before the Registration period.

SEMESTER LOAD AND ENROLLMENT STATUS
The maximum course load for any one semester is 21 credit hours for the Fall semester (which includes a 3 credit-hour Blitz course), 18 credit hours for the Spring semester and 7 credit hours for the Summer term. The Vice President of Academics or Registrar must approve any exceptions by way of a “Request for Overload” form available from the Office of Academics.

COURSE REPEATS
A student who earns a grade of “C-“ (1.67 grade points per credit hour) or higher in a course will not be permitted or required to repeat the course to raise the grade. However, any student receiving a grade of “D+” (1.33 grade points per credit hour) or lower will be permitted to repeat the course to raise the grade. Only the following courses may be repeated for credit:
- All Internships
- MUS1011 - Applied Lab: Bands
- MUSXX3X - Applied Lessons
COURSE CANCELLATIONS
Courses may be canceled due to extenuating circumstances. The decision to cancel a course ultimately lies with the Vice President of Academics or Lead Academic Officer of each campus site. The Registrar will notify students of the cancellation and will make every effort to provide other options. However, Visible Music College does not assume responsibility for any delay in the anticipated graduation date of individual students that might result from such class cancellations.

INDEPENDENT STUDY
Independent Study is an alternate delivery format granted in very rare cases when a student is unable to join a scheduled class. The student must present a compelling case to the Office of Academics, where it will be determined whether the requested independent study is valid and feasible. Instructional methodology will be adapted to ensure that the stated course objectives of the requested course can be achieved. If a student fails to follow the degree checklist which results in an independent study, a $100/credit fee will be applied. The fee may be waived when the scheduling conflict or class cancellation was deemed necessary by the institution and the student was unable to follow degree checklist do to no fault of their own.

SUMMER TERM
Visible Music College holds an intensive Summer Term in which classes run over a four-week period, usually held during the month of June. See the Academic Calendar in this Catalog for specific dates. Students will be allowed to take up to seven (7) credit hours during the Summer Term. If a student desires to take more, he or she can fill out the Academic Overload form and submit to the Registrar’s Office.

CHANGE OF STUDY
Students may audition to change their major or add a minor through the Change of Study form. Students must compose an essay detailing their desire to change their major or add a minor, obtain a recommendation letter from their current Department Chair/Division Head, complete an audition and be accepted by the desired program, and finally submit the published Change of Study payment associated with the new program of study.

PLACEMENT AID
Placement aid is provided through the following:
1. Internships and career placements often emerge naturally from the required weekly church attendance.
2. Churches looking for interns, musicians, and sound technicians contact the Church Placement Coordinator, which attempts to match students with the church’s need.
3. Visible’s Internship requirement often leads to career placement, in the student’s field.
CLASS STANDING

Class standing is determined by how many credit hours a student has earned in his/her college career. The following is a breakdown for these classifications:

<table>
<thead>
<tr>

<tbody>
<tr>
<td>0-29.5</td>

CREDIT HOUR DEFINITION

Visible Music College defines a credit hour in relation to the expected amount of work needed to achieve the student learning outcomes stated on course syllabi, which amounts to approximately one hour of classroom instruction and two hours of homework each week over the course of a 15-week semester. Thus, a student will need to spend an average of 9 hours a week to accomplish the objectives of a typical three credit hour course. Most courses at Visible Music College observe this standard 1:2 instruction-to-homework ratio, with the following exceptions:

TRANSFER CREDITS

Visible Music College generally accepts up to 90 semester hours of transfer credits. The last 30 semester hours must be taken at Visible Music College. However, exceptional cases may be considered on a case by case basis, based upon the discretion of the Academic Office’s evaluation of any Credit for Prior Learning that includes previous higher education and professional life experience. For such instances, please make an inquiry with the Academic Office.

Traditional Credit Transfer

Traditional Credits are credits earned at a nationally or regionally-accredited, post-secondary institution. Transfer credits do not affect the student’s grade point average at Visible Music College. The Registrar oversees all incoming transfer credits.
Non-Traditional Credit Transfer
Transfer credits may include Non-Traditional Credits. Non-Traditional Credits are credits earned at a post-secondary institution that is neither accredited nor a candidate for accreditation. The amount of non-traditional credits accepted will depend on articulation agreements that exist between Visible Music College and other institutions that students transfer from. In the absence of a formal articulation agreement, the Registrar office will decide how many credits will transfer by consulting with the Academic Development team.

Transfer Credits Post-Enrollment
Beginning August 2018, Visible Music College will only allow students to transfer credits during their initial enrollment. Once enrolled at Visible, a student will not be allowed to apply credits earned from another post-secondary institution to the degree they are actively pursuing at Visible Music College. Visible offers online and summer course offerings for students wishing to earn additional credits outside the Fall and Spring semesters.

Credit for Coursework
1. Only credits that fulfill the student’s degree requirements at Visible Music College will be accepted. The Registrar may request additional information for verification.
2. Only official transcripts will be evaluated for transfer credits.
3. Only credits with a grade of “C-” or higher will be accepted.
4. Transfer hours from another school may not be used to remove an F earned at Visible Music College. Transfer hours may, however, be used to satisfy a requirement for graduation.
5. Courses that apply toward a degree are typically numbered 1000 / 100 or higher (for 4-digit Course numbers and 3-digit Course numbers respectively). Courses numbered less than 1000 / 100 are usually remedial and will not transfer. If a course bears a number of 1000 / 100 or higher but indicates within the title or content that it is a remedial course, it will not be accepted as transfer credit.
6. Approved Non-Traditional Credits can be applied after the student achieves and maintains Satisfactory Academic Progress for two consecutive full-time semesters, unless credits are transferred from a non-traditional setting or institution with which Visible Music College has an established articulation agreement.
7. Previous professional and life experience will be considered at the discretion of the Office of Academics. To have such credit evaluated, the student must submit a detailed description of all previous professional and life experience in which he or she has been engaged. For a more detailed process around the expectations of notated professional and life experience, please contact the Office of Academics.
8. Instances of International Baccalaureate transfers will adhere to the same guidelines as domestic academic policy, previously outlined in the Academic Catalog.

Credit for Testing
1. Nationally-Recognized Tests – Visible Music College will award credit for the successful completion of an Advanced Placement (AP) exam with a score of 4 or 5 for each subject, International Baccalaureate (IB) exam with a score of 5 to 7 for each subject, or a College-Level Examination Program (CLEP) test with a score of 50, provided the test fulfills a General Education requirement, and the test score comes directly to the college from the testing organization or are included on an official transcript.
2. In-House Tests – Visible Music College may award credit based on the student’s performance on established in-house tests designed for this purpose, provided that the test is authorized by the Vice President of Academics, Department Chair, and instructor. There is a $100 per credit charge in order to take in-house tests for credit. This charge
is applied to the student’s account regardless of whether or not they pass the test and receive credit.

Transfer Credits for Certificate Program
Students pursuing the Certificate program may transfer credits up to 75% of the program. In most cases, transfer credits into the Certificate program will require articulation agreements between Visible Music College and the student’s previous institution.

Credit for Prior Learning
Credit for Prior Learning can be gained through professional and life-experience. However, this is at the discretion of the Office of Academics. Such credit can only be considered for students who are 25 years and older or have at least 10 years of professional experience within a field. To have such credit evaluated, the student must submit to the Academic Office a cover letter, résumé, and a document that details all previous professional and life experience. If the student has attended previous higher education institutions, all transcripts must be submitted to the Admissions Office as well.

General Education
Students who have completed prior Associates or Bachelor’s degree will have the 30 credits of General Education area applied from their prior completed degree and need only complete the degree requirements for their particular program.

Articulation Agreements
Students can find the current list of articulation agreements that Visible Music College has in place with other institutions on our website. The web address is: www.visible.edu/about-us/accreditationauthorization

TRANSFERABILITY OF CREDIT DISCLOSURE
Credits earned at Visible Music College may not transfer to another educational institution. Credits earned at another educational institution may not be accepted by Visible Music College. You should obtain confirmation that Visible Music College will accept any credits you have earned at another educational institution before you execute an enrollment contract or agreement. You should also contact any educational institutions that you many want to transfer credits earned at Visible Music College prior to executing an enrollment contract or agreement. The ability to transfer credits from Visible Music College to another educational institution may be very limited. Your credits may not transfer and you may have to repeat courses previously taken at Visible Music College, if you enroll in another educational institution. You should never assume that credits will transfer to or from any educational institution. It is highly recommended and you are advised to make certain that you know the transfer credit policy of Visible Music College and of any other educational institutions you may in the future want to transfer the credits earned at Visible Music College before you execute an enrollment contract or agreement.

Add, Drop, and Withdrawal Procedures
Students may modify their registration by adding a course, dropping a course, withdrawing from a course, or withdrawing from the college during the add/drop period as designated by the Academic Calendar. Merely attending a class does not constitute official registration and failing to attend a course does not constitute an official dropping of or withdrawal from a course. Students who register for, but do not attend (or stop attending), a course without
dropping or withdrawing from the course before the corresponding published dates will be
assigned the grade of “F” for each such course. Students are responsible for understanding
how registration changes will affect their financial aid status and financial obligations, and
are expected to check with and inform the respective offices before making changes.

Students wishing to drop, add, or withdraw from a course should:
  1. Check with the Financial Aid office and the Business Office to to see how the change
     will affect their financial aid eligibility and financial obligations.
  2. Meet with their advisor to make the changes and complete the Course Drop/Add
     Form.
  3. Update their graduation checklists to reflect the changes.

**DROP / ADD**

A student may drop or add courses any time during the Registration period, which extend
through the specific days as listed on the Academic Calendar.

• No courses can be dropped or added after the semester’s designated add/drop period.
• Courses dropped during the Drop/Add period will not appear on the student’s transcript
  and are eligible for a 100% refund. If they drop the course or courses after the last day to
  drop a course, the student will be billed 100% for those courses (and billed at a future
data if they have to take the course again).
• All course-specific materials (MIDI Keyboards, provided textbooks, etc.) must be returned
  by the end of the Drop/Add period or the student will be billed for the unreturned
  materials at cost.

**WITHDRAWAL**

Some circumstances may require a student to withdraw from a course or the college.
Students may withdraw from individual courses between weeks 3 and 8. After week 8,
students may not withdraw from individual courses; however, the student may withdraw
from the college at any time. Students must complete the entire withdrawal process to
avoid unwarranted failing grades and unwanted financial obligation.

Students wishing to withdraw from the college should:
  1. Acquire the Withdraw from School form
  2. Complete all exit interviews and obtain all signatures.
  3. Deliver the completed form to the Registrar.

**Disabilities**

**DISABILITY ACCOMMODATIONS**

It is the policy of Visible Music College to comply with Section 504 of the Rehabilitation Act
of 1973 (PL 93-1112), as amended (PL 93-516), and with Title II of the Americans with
Disabilities Act of 1990 (ADA). These acts provide for equal opportunity for students with disabilities in educational activities, programs, and facilities. Visible Music College is committed to providing reasonable accommodations to all students who properly disclose and document disabilities to the Academic Support Office.

1. The documentation must include:
   - a detailed diagnosis and/or description of the disability for which accommodation is sought;
   - a description of the origin of such disability;
   - a detailed description of any specific accommodations requested;
   - contact information for any healthcare or disability professional (or agency) responsible for any portion of the student’s diagnosis and/or care related to the disability claimed;
   - formal documentation related to the disability claimed - a letter, psycho-educational assessment, or other evaluation issued and signed by a qualified professional within three years prior to the date accommodation is sought.

2. After the submitted documentation has been verified by the Academic Support Office, the Academic Support Coordinator will meet with the student claiming disability to discuss what accommodations the college will provide. The key is accommodating the disability, not altering learning outcomes. Students may request that parents, educational advocates, or other professionals attend this conference or otherwise provide information relevant to the determination of specific accommodations.

3. Once accommodations have been determined, the Academic Support Office will notify in writing all course instructors or administrative staff necessary for implementation. However, such notice is valid only for the enrollment period during which it is issued; students are responsible for renewing their eligibility for accommodation during each subsequent registration period.

4. Following initial accommodations by the college, students claiming disability are encouraged to schedule a review conference with the Academic Support Office (or designee) at the beginning of each enrollment period to determine whether the student’s individualized program of accommodation has been effective or should be amended. Notice of accommodation to instructors and staff will be issued during subsequent registration periods only upon completion of this periodic review.

5. Any student dissatisfied with the accommodations offered by the college may appeal to the Academic Development Team, chaired by the Vice President of Academics. Students seeking review by the Academic Development Team must submit a written request to the Vice President of Academics that details the student’s grievance. The Vice President of Academics will coordinate the submission of any documentation necessary for the Academic Development Team to review the grievance and render a just decision. The decision of the Academic Development Team is final and cannot be appealed.

VOCAL REST

Only the Vocal Division Head or a medical professional can place a student on an officially-recognized vocal rest.

Vocal Rest prescribed by the Vocal Division Head
   - The exact parameters of the Vocal Rest must be listed on the Vocal Rest form:
     - Duration of the vocal rest (not to exceed two weeks)
     - Amount of speaking/singing allowed per day
     - Recommended provisions for missed coursework during the Vocal Rest.
   - The student, Vice President of Academics, and the student’s instructors will receive a copy of the Vocal Rest form.
• If there is no improvement in the condition of the student’s voice (as evaluated by the student’s vocal instructor) after the prescribed vocal rest, the Vocal Division Head will recommend that the student pursue a medical examination.

**Vocal Rest prescribed by a medical professional**

• The exact parameters of the Vocal Rest derived from the medical professional’s documentation, must be listed on the Vocal Rest form
  - Duration of the vocal rest
  - Amount of speaking/singing allowed per day
  - Recommended provisions for missed coursework during the Vocal Rest.

• The documentation from the medical professional must be submitted with the Vocal Rest form.

• The student, Vice President of Academics, and the student’s instructors will receive a copy of the Vocal Rest form. The medical documentation will only be seen by the Vocal Division Head and the Vice President of Academics.

• If the parameters of the medically-prescribed vocal rest will severely interfere with the student’s ability to complete coursework at Visible Music College, the Vice President of Academics, the Vocal Division Head, the student’s advisor, and the student will meet to discuss how to proceed and the impact of the student’s vocal condition on continued studies.

**Academic Support**

Visible Music College is committed to the academic success of its students. With that, academic support will be provided at each campus. The Academic Support Coordinator or Academic Campus Lead of each campus site will set up academic support sessions throughout the week that students can attend for support in theory tutoring, paper-writing help, presentation formation, and other such academic assignments. All conditionally accepted and probationary students will be expected to attend support sessions at least one (1) hour per week as a part of the Academic Support Plan developed between the student and the Academic Support Coordinator or Academic Campus Lead.

**Grading Procedures**

**GRADING SYSTEM**

All academic work at Visible Music College is evaluated by the instructor or school official according to the following letter grades:

**A**  The grade of “A” denotes superlative performance in the work undertaken and distinction in academic achievement.

**B**  The grade of “B” denotes consistently good performance in the work undertaken and academic achievement that is above average.

**C**  The grade of “C” denotes satisfactory performance in the work undertaken and average academic achievement.

**D**  The grade of “D” denotes minimal performance in the work undertaken and academic achievement that is below average. If a “D” is given as a final grade, the student must repeat the entire course and earn a passing grade to receive course credit.
The grade of “F” denotes failure in the work undertaken and academic achievement that is unacceptable. If an “F” is given as a final grade, the student must repeat the entire course and earn a passing grade to receive course credit.

The grade of “P” (in courses graded on a “P/F” basis) indicates passing work, but does not affect the student’s GPA.

The grade of “I” is a temporary placeholder that denotes incomplete coursework. The grade of “I” cannot be used to allow students to submit late work, revise poor work, or complete extra credit. Instructors, with the Vice President of Academics’ approval, may issue an “I” only in extreme cases where a student could not complete the course within the semester. Once an “I” has been granted, the student must complete all outstanding coursework before the established Incomplete Coursework Due date for the semester (usually four to six weeks after the “I” has been granted). The grade of “I” is not included in the student’s Grade Point Average. Failure to resolve an “I” grade by the deadline will result in the student receiving a grade for the assessable completed work at that current time for the course, unless an extension has been approved by the Vice President of Academics or the Director of Academics at an extension teaching site.

The grade of “W” indicates that a student has withdrawn from the course or from Visible Music College before the last published date for withdrawal. While this grade does not affect the student’s GPA, the course is counted toward the “attempted hours” in the quantitative determination of Satisfactory Academic Progress and financial aid eligibility.

The grade of “WF” indicates that a student was failing the course upon withdrawing from the college after week 8, and is treated like an “F.” This grade is also applied to any student withdrawn from a fully online course for continuous lack of participation, as noted in our Distance Education Policy on p62-66.

The grade of “AUD” denotes “Audit” and has no effect on a student’s grade point average. No course credit is awarded to a student who audits a course.

### GPA Calculations

The Grade Point Average (GPA) is a numerical average of all of letter grades earned at an institution on a 0-to-4-point scale. Each letter grade has a corresponding Grade Point value, as listed in the table above. Each course has a corresponding Quality Point value, which is determined by the letter grade earned and the number of credits assigned to the course. The GPA is calculated by dividing the total number of Quality Points by the total number of adjusted Attempted Hours. Semester and cumulative GPA can be calculated as follows:
1. Quality points (0-12) are calculated by multiplying each course’s Attempted Hours (0.5-3) against the corresponding Grade Points (0-4).
2. Add all Attempted Hours (less any hours with grades of “W” or “AUD”.)
3. Add all Quality Points.
4. Divide the total number of Quality Points by the total number of Attempted hours.

Divide Quality Points (19.00) by Attempted Hours (7.5) to yield a semester GPA of 2.53.

GRADE LOCK

Student grades may be locked anytime during the semester if he or she does not meet specific College requests and requirements. They may include but are not limited to, the inability to meet sanction hours, not fulfilling requests from the Financial Aid, Business, or Registrar Offices, and/or violating academic policy and procedures.

Attendance, Attendance-Based Courses and Technology in Class

ATTENDANCE

The relational and mentoring nature of education at Visible Music College influences the college’s view on class attendance. Because we believe that interaction between student peers and between students and faculty is vital, class attendance is required. Attendance is a factor in the final grade of every course offered at Visible Music College, as indicated in the course syllabus.

The following policies govern class attendance:

1. Students will not be awarded credit in any course where their attendance percentage falls below 80%, regardless of the reason(s) for absence. If the student’s final attendance percentage is below 80%, he or she will automatically receive a failing grade.
2. If at any time after the fifth week of the semester a student obtains automatic “F’s” in 50% of his or her classes due to non-attendance, the academic office will review the student’s term and can decide to place the student on either Academic Support Plan or Academic Suspension. If suspended, the student may be asked to leave Visible Music College campus and housing within 48 hours after notification.
3. If a student has two consecutive weeks of missed class, they must be administratively withdrawn from the college.
4. Students may track their attendance percentages on each course’s Populi page.
5. In the case of absences due to (1) unforeseen emergencies, (2) illness with a doctor’s note, (3) significant family events—does not include vacation (weddings, funerals, etc.), or (4) planned school related trips, the student may request an excused absence by completing the “Request for Excused Absence” form. For emergencies and illnesses, the request must be filed within 5 business days of the student’s return. For planned absences, the request must be filed at least 1 business day in advance.
6. Instructors determine what constitutes a tardy; however, they cannot excuse absences. The Registrar approves requests for excused absences and will notify the student and the student’s instructor(s) by e-mail.

7. Students who are granted an excused absence are responsible for notifying instructors of their absence and obtaining any missed work or class materials, which must be coordinated with the instructor within five school days of the student’s return to school.

8. It is Visible Music College’s policy that three (3) tardies equals one (1) absence. The Instructor determines what constitutes as a tardy.

**PERSONAL ELECTRONIC DEVICES IN CLASSROOM**

Visible Music College recognizes the benefit of accessibility that personal devices (laptops, tablets, and smartphones) provide. However, in light of the growing challenge of these devices, providing more distraction than benefit in the classroom setting, Visible has the following policy with regards to personal devices in the classroom. **Cell phones should be silenced and put away during classes. Computers should be closed when not used for classroom related activities.**

Should an instructor determine that a student's non-classroom related computer use or cell phone use is distracting the student in question or other students within the classroom, that student can be marked absent for that class which will negatively affect their attendance record for the class. This policy serves as all student's first warning and students may be marked absent without notification from the instructor.

**ATTENDANCE BASED COURSES**

**Visible Community:** This course is a 1-credit course that is now part of the Bachelor program’s Core Curriculum. However, for those students who enrolled prior to 2019-2020, and who are at full-time status, they will be required to enroll in the zero-credit version of this course. For such students, there is also the option to enroll in the one-credit version of Visible Community to fulfill either Core Curriculum or Elective credits.

**MAKE-UP POLICY: ATTENDANCE BASED COURSES & GRADUATION REQUIREMENTS**

This policy remains in the current Academic Catalog for the benefit of Bachelor’s students who enrolled at Visible Music College prior to the 2019-2020 academic year.

**Worship and Accountability**

While the student is still enrolled at the college, per semester failed, he or she will read a book related to the topic of worship and Christian spiritual development as assigned by the Office of Students. The student will formulate regular response papers answering questions that relate to chapters and topics within the assigned book. If the student has already walked at their Commencement, he or she can attend 16 worship services and complete weekly Spiritual Formation Sheets in conjunction with those worship services and their own devotional life, as directed by the Office of Students.

If a student fails Worship & Accountability for two straight semesters, he or she will have their Community Scholarship revoked. The student will also be considered for pastoral contract for the next enrolled semester.

**Life Group**

While the student is still enrolled at the college, per semester failed, he or she will read a book related to the topic of discipleship as assigned by the Office of Students. The student will formulate regular response papers answering questions that relate to chapters and
topics within the assigned book. The same make-up policy stands for any student that has already walked at their Commencement.

If a student fails Life Group for two straight semesters, he or she will have their Community Scholarship revoked. The student will also be considered for pastoral contract for the next enrolled semester.

**Professional Development Seminar**
While the student is still enrolled at the college, per semester failed, they must attend four professional development events (not musical concerts) and write a 2-page reflection paper on each event detailing what was learned in regards to professional development. The student must submit the reflection papers and proof (ticket stubs, program, etc.) to the VP of Business/Campus Director. The same make-up policy stands for any student that has already walked at their Commencement.

**IndieVisible Performances**
While the student is still enrolled at the college, per semester missing, they may attend a semester’s worth of Performance Seminars at the college. If the student has already walked at their Commencement, they must attend 8 professional music events and submit proof (ticket stubs, program, etc.) to the Registrar for review and verification.

**City Eyes Hours**
While the student is still enrolled at the college, per semester (10 hours) missing, they may make up the service hours in subsequent semesters. If the student has already walked at their Commencement, these hours can be completed through serving opportunities within the community in which the graduate lives. It is always best to confirm with the City Eyes Coordinator (in the Office of Students) if any hours will count. Once the hours are complete, they must be logged in to the City Eyes online form. The City Eyes Coordinator will then communicate to the Registrar that all missing hours are complete.

**CLASS CANCELLATION DUE TO WEATHER**
In the event of snow or other hazardous weather occurs, students will be notified of classes being cancelled by email. Some cancellations will affect all locations. If the location of where a remote class delivery is closed due to weather, other locations will have the corresponding class cancelled. We advise students to check the dashboard of courses for updates of any class cancellations due to weather.

**Awards and Honors**

**SEMESTER HONORS**
**Dean’s List**
The Dean’s List is published at the end of each semester to honor full-time students who achieve a 3.5+ semester GPA and who also have no semester grades lower than a “C-”, have not failed any zero (0) credit hour classes such as Worship & Accountability, and have no outstanding Incomplete courses.

**GRADUATION AWARDS AND HONORS**

**Graduation Honors**
- **Summa Cum Laude**: 3.90 to 4.00 cumulative GPA
- **Magna Cum Laude**: 3.75 to 3.89 cumulative GPA
- **Cum Laude**: 3.50 to 3.74 cumulative GPA
• **Valedictorian**: Highest GPA of the graduating class.

The Certificate Excellence award is given to a student who has displayed academic, musical and spiritual distinction during their program. This student will have gone above and beyond the call of duty.

**Cost of Discipleship Award**
The Cost of Discipleship award is Visible Music College’s highest honor. Like our name, the Cost of Discipleship award stems from Dietrich Bonhoeffer’s manuscript, *The Cost of Discipleship*. Bonhoeffer’s life was a life of service. He believed that the Church should be a visible representation of the invisible. The Cost of Discipleship award is awarded each year to a graduating student, who through their time at Visible has served both the Visible and local church community and whose life has been a visible representation of the kingdom of God.

**Satisfactory Academic Progress, Probation, and Suspension**

**SATISFACTORY ACADEMIC PROGRESS POLICY**

Visible Music College’s Satisfactory Academic Progress (SAP) policy determines whether students are making reasonable progress toward completing their degree within the federally mandated maximum of 150% of the stated credit hours for the degree. Students must achieve and maintain SAP to continue at Visible Music College. SAP is defined qualitatively (Minimum Cumulative GPA: 2.0) and quantitatively (Minimum Earned Hours: 67%) to comply with applicable laws governing federal, state, and institutional student aid.

**Qualitative (Minimum Cumulative GPA: 2.0)**
The student must maintain a minimum cumulative GPA of 2.0 to achieve the qualitative measure of SAP, which is the minimum GPA required for graduation. Failing to maintain the minimum GPA jeopardizes the student’s ability to graduate.
Quantitative (Minimum Earned Hours: 67%)
The student must complete the degree within 150% of the stated credit hours for the degree. These limits are as follows:

<table>
<thead>
<tr>
<th>Degree</th>
<th>Hours in Degree</th>
<th>Maximum Attempted Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Modern Music</td>
<td>120</td>
<td>180</td>

Thus, the student must earn 67% of the semester’s Attempted Hours to achieve the quantitative measure of SAP. Credits with final grades of “C-” or higher are considered “Earned Credit.” Credits with final grades lower than a “C-” ("D", "F", "I", "W", "WF", or “AUD”) are not considered “Earned Credit.” A student attempting 5 semester hours or less must earn all of the Attempted Hours to meet the quantitative measurement of SAP. Students must earn at least 67% of each semester’s Attempted Hours to complete the degree within 150% limit, as shown below.

Evaluation of Academic Progress
Students can monitor their academic progress in all of their courses at any time through the college’s information system, Populi. At the end of each semester, the Registrar will evaluate students for SAP and identify which students require academic rehabilitative measures.

ACADEMIC REHABILITATIVE MEASURES
Academic performance that fails to achieve, or indicates difficulty in achieving, SAP will result in either Academic Warning, Academic Probation, and/or Academic Suspension. All of these rehabilitative measure involve meetings designed to help the student overcome any challenges related to achieving SAP.

Academic Warning
Academic Warning is not considered a disciplinary or punitive measure but is extended as a courtesy from Visible Music College to the student. Academic Warning will be issued at the conclusion of any semester in which the student’s cumulative GPA drops below 2.25 but is still above 2.0, or in any semester when the Vice President of Academics deems it necessary to advise the student regarding his or her Satisfactory Academic Progress and its endangerment in the foreseeable future. The Academic Warning will be in effect for the
following semester, and will be communicated through a letter to the student and an e-mail to the student’s Visible Music College e-mail address.

The student will remain on Academic Warning until he or she shows improvement in their current semester GPA and/or the factors threatening the student’s academic progress have been addressed.

Academic Warning may include, but is not limited to:
1. Voluntary reduction of Attempted Hours for the semester.
2. Voluntary, periodic meetings with the student’s advisor/academic progress tutor.
3. Voluntary participation in the creation and implementation of an academic and/or pastoral care plan.

**Academic Probation**
A student will be placed on Academic Probation at the completion of the first semester in which either his or her current semester’s GPA falls below a 2.00 or the student fails to complete at least 67% of the Attempted Hours for that semester. A student on Academic Probation may still eligible to receive financial aid which depends on their financial aid standing. Academic Probation is not an appealable status since the student is still eligible to enroll in school and to receive financial aid. The Academic Probation will be in effect for the following semester, and will be communicated through a letter to the student and an email to the student’s Visible Music College email address.

Academic Probation may include, but is not limited to:
1. One or more meetings with the Lead Academic officer of the student’s campus or teaching site.
2. Mandatory reduction of attempted credits to no more than 17 credits for Fall (3 Blitz + 14 during normal semester), 14 credits for Spring, and 6 credits for Summer.
3. Weekly meetings with the student’s advisor/academic progress faculty member.
4. Mandatory participation in the creation and implementation of an academic support plan and/or pastoral care plan. This will include the requirement of attending at least one (1) hour per week of academic support.
5. Not being allowed to perform or serve at promotional events on behalf of the college (this does not affect the student’s ability to perform in events related to curricular requirements).

**Academic Suspension**
A student on Academic Probation will be placed on Academic Suspension if the student’s current semester’s GPA remains below a 2.00 and/or the student fails to complete at least 67% of the Attempted Hours. Students may also be placed on Academic Suspension if he or she receives more than 50% of his or her grades as “F” or “WF” after the fifth week of the Regular Session without the benefit of a probationary period except in the case of mitigating circumstances as determined by the Vice President of Academics and/or the Academic Development Team. The student will be suspended from Visible Music College for the next semester and may file a suspension appeal or petition to re-enroll at the conclusion of the suspended semester by contacting the Vice President of Academics, who will supply the student with the Petition for Enrollment form. The Academic Suspension will be communicated through a letter to the student and an email to the student’s Visible Music College e-mail address.

A student on Academic Suspension is not eligible to receive financial aid. Upon his or her return to the college, the student must come back into compliance with the Satisfactory
Academic Progress standards without the benefit of financial aid. Please see “Reinstatement of Satisfactory Academic Progress” below.

**Academic Expulsion**
A student will be placed on Academic Expulsion following a second Suspension. Such a student has demonstrated that he or she is not equipped to succeed at Visible Music College because of academic or other factors. In this situation, the student may be expelled from the college. If the student would like to return to the college, he or she must reapply through the Admissions Office. The Academic Expulsion will be communicated through a letter to the student and an email to the student’s Visible Music College email address. A student under Academic Expulsion must complete the normal process for exiting the college.

**Reinstatement of Satisfactory Academic Progress**
The student who has failed to achieve Satisfactory Academic Progress, has been placed on Academic Suspension, and who has re-enrolled following his or her suspension may not qualify for student federal aid. The eligibility of student federal aid is determined by the two factors of having at least a 2.00 cumulative GPA and passing at least 67% of their total attempted credits. If it is determined that the student is not eligible to receive student federal aid, then the student must take and complete courses at his or her own expense in order to raise the cumulative GPA to a 2.00 or higher and pass at least 67% of total attempted credits. The student will be academically evaluated at the end of each semester for compliance with the Satisfactory Academic Progress standards. Upon achieving Satisfactory Academic Progress, the student may apply for student federal aid for the following semester.

**COMPULSORY WITHDRAWALS**
A student’s continued enrollment at Visible Music College is a privilege based not only on satisfactory scholastic status, but also on good emotional health and behavior. If, in the opinion of the administration, the student demonstrates evidence of emotional instability, the student may be referred by the administration to a college-approved counseling professional for evaluation. Refusal to obtain the evaluation when requested shall be cause for the involuntary withdrawal of the student from the college by the administration. If the counseling professional recommends that the student withdraw from the college, the student will have three (3) business days from the recommendation to withdraw voluntarily; the college will administratively withdraw the student if the student does not withdraw voluntarily. The Vice President of Students and/or the Vice President of Academics shall inform the student in a face-to-face meeting, followed up in writing, of the effective date of the withdrawal and shall explain the procedure for readmission to Visible Music College. Application for readmission after involuntary withdrawal will require evaluation by a college approved counseling professional at the student’s expense. In no case shall readmission be granted after such withdrawal without the approval of a college-approved counseling professional.

**Academic Misconduct**

**ACADEMIC DISHONESTY**

**Definition of Academic Dishonesty**
Academic Dishonesty is the intentional or unintentional misrepresentation of coursework. Any attempt, solicitation, involvement, or conspiracy to commit academic dishonesty will also be subject to sanctions for Academic Dishonesty.
**Plagiarism**

Plagiarism occurs when a student presents someone else’s words, ideas, or work as his or her own work. Using material in a paper without citing the author or authors, or copying a paper or article or portions of either written by another person and representing it as one’s own work. Ideas borrowed or paraphrased from another writer must be cited. All material taken word-for-word from any other source must be in quotation marks, with citation following, even if the quoted material is as short as five or six words. Failure to do so will be regarded as plagiarism. Furthermore, it is cheating to change a few words of someone else’s work in order to avoid the need for quotation marks. See below for sanctions specific to Plagiarism.

**Double-dipping / Self-plagiarism**

Double-dipping occurs when a student submits work that was developed for another instructor, without both instructors’ prior, express permission. Each course expects students to complete original work to fulfill the course’s assignment requirements.

**Cheating**

Cheating occurs when a student submits work that was developed with unapproved means (using notes or other materials not authorized by the instructor when answering a question, copying from another student, soliciting answers, or intentionally or unintentionally providing answers to other students).

Cheating is an act contrary to the values of Visible Music College, is in breach of the agreement the student enters when he/she enrolls in Visible Music College, and is incompatible with the nature of the Christian life.

Any determination of Academic Dishonesty must be reported by the instructor in through the Dishonesty Report Form to Office of Academics. Based on such reports and any documentation of final disposition through appeal the Office of Academics will maintain a permanent record of academic dishonesty offenses, including, for each student, the number of such offenses.

**Sanctions for Academic Dishonesty**

The staff and faculty of Visible Music College regard academic dishonesty as an extremely serious academic offense and will deal with it accordingly. Any work which is the product of academic dishonesty will receive the grade of zero (0), and, at the instructor’s discretion in accordance with the class syllabus, may also result in a student’s failure of the course and/or removal from the class without tuition refund, and/or referral to the Vice President of Academics for further discipline. Since academic dishonesty constitutes not simply an offense to the instructor, but also to a student’s peers and the entire academic community, the Vice President of Academics (and, if circumstances warrant, with input from the Academic Development Team) may also expel the student from Visible Music College, either permanently or for a specified term. In the event of a student’s second or subsequent offense, regardless of whether the instructor refers the matter to the Vice President of Academics, consideration by the Academic Development Team of the suspension or expulsion sanction shall be automatic and not subject to appeal.

**Procedures Related to Receiving Academic Dishonesty Sanction**

The Academic Development Team has developed a procedure to address academic dishonesty, especially instances of plagiarism. When a student is found to have committed plagiarism, the college’s first action is a redemptive one. Upon the infraction, a student will receive a zero on the specific assignment, but with a chance to correct and resubmit for the
initial offense. The make-up grade will be applied only after completing a research paper on
the topic of academic dishonesty and plagiarism. This paper is tri-fold in nature. It is meant
to be punitive for the wrong-doing; redemptive in that the student has an opportunity to
make up for the mistake; and educational for the student about plagiarism and why it is so
problematic. Notation of the academic dishonesty and plagiarism will also be put in the
student’s academic file.

Upon receiving an academic dishonesty and plagiarism report, the student will meet with a
member of the Academic Development Team to review the case and initiate the corrective
steps required for the student.

PERSONAL MISCONDUCT

Students are expected to participate in academic life and study in a constructive manner.
Behavior which is disruptive to the college community life and contrary to the Visible Code
of Conduct and other behavior policies will be regarded as grounds for pastoral contract or
suspension. In cases of such behavior, the Vice President of Academics (or Academic Office
campus lead) or Vice President of Students (or Student Office campus lead) shall determine
whether pastoral contract or suspension is warranted. If a student has been placed on
pastoral contract due to disruptive behavior, such shall ordinarily be for one semester. If no
further disruptive behavior is reported, the student shall be removed from pastoral contract
the following semester. If the Vice President of Academics (or Academic Office campus lead)
or Vice President of Students (or Student Office campus lead) determines that a student’s
behavior warrants suspension, the Vice Presidents (or campus leads) may convene the
Academic Development Team to decide if suspension is warranted. If a student who has
been suspended wishes to remain in good standing, he or she must request this from the
Vice President of Academics.

Appeals and Grievances

**ACADEMIC APPEAL AND PERSONAL GRIEVANCE POLICY**

Visible Music College has an established process for resolving concerns and complaints within the college. Any student personally aggrieved by a staff member’s words, actions, or decisions may submit an appeal or grievance to the Vice President of Academics, 200 Madison Avenue Memphis, TN 38103, 901.381.3939. The Academic Development Team (comprised of the Vice President of Academics, the Department Chairs, Academic Assistant and Registrar of the college) may convene to consider the appeal or grievance.

1. The student must notify the Vice President of Academics (VPA) in writing of his/her intent to appeal a sanction due to Academic misconduct or to pursue the grievance within 30 days of the student’s notification of the sanction or the event of personal grievance. If student does not provide this written notice, with applicable documentation, within 30 days of the sanction notice or event, he or she waives the right to pursue the appeal/grievance.

2. The Vice President of Academics will present the grievance as determined by the nature of the grievance:

b. **Personal Grievance:** The Vice President of Academics will provide a copy of the grievance to the staff member involved and convene the Academic Development Team to review the student’s appeal and render a decision. The Academic Development Team may decide to gather more information from the student and a peer (student) advocate of the student’s choice.
c. **Satisfactory Academic Progress sanction:** The student must submit an Academic Suspension Appeal with the required documentation to the Vice President of Academics. The Vice President of Academics will convene the Academic Development Team to review the student’s appeal and render a decision. If the student’s appeal is accepted, the student will be placed on Academic Probation for the next semester. Unusual or mitigating circumstances for which a suspension may be appealed include, but are not limited to, 1) the death of a relative of the student, 2) debilitating injury or illness of the student, 3) other emergency or special circumstances.
d. **Grade Appeal:** If a student is not satisfied with the final grade awarded for a course, he/she may first appeal to the faculty member awarding the grade. If the student is not satisfied with this initial appeal, a second appeal should be made to the Chair of the department. If a satisfactory conclusion can still not be reached, he/she must write a letter to the Vice President of Academics explaining in detail why the grade is unsatisfactory and provide documentation (such as, but not limited to, copies of the student’s work). The Vice President of Academics will provide a copy of the appeal and the supporting documentation to the instructor involved. If after receiving the student’s letter, the faculty member agrees that the grade should be changed, he/she will notify the Registrar in writing of the change. If the faculty member maintains that the grade is correct, the Vice President of Academics will convene the Academic Development Team to review the student’s appeal and render a decision. If a grade change is necessary, the Vice President of Academics will notify the Registrar.

3. Upon rendering an initial decision by the VPA and ADT, the findings will be communicated in writing to everyone involved. Following this, all parties have the right to be heard by submitting further input on the findings of the complaint, up to and including an appeal of the initial findings. A final decision will be determined by VPA and made available to all parties in writing.

4. When the final decision is communicated, the student will be sent in writing the comprehensive review process and informed that any further pursuit of the complaint requires moving beyond the institutional level.

5. If a complaint is not settled at the institutional level, the student may contact the following:

Distance Education Complaint Resolution Policies and Procedures for Non-Tennessee Resident Students in State Authorization Reciprocity Agreement States, commonly known as SARA

This is for any student enrolled in a) a full, distance learning education program outside the state of Tennessee or b) in specific distance learning education or online courses offered by the college.

Student complaints relating to consumer protection laws that involve distance learning education offered under the terms and conditions of the State Authorization Reciprocity Agreement (SARA), must first be filed with the institution to seek resolution.

Complainants not satisfied with the outcome of the Institution’s internal process may appeal, within two years of the incident about which the complaint is made, to the Tennessee Higher Education Commission (http://www.tn.gov/thec).

For purposes of this process, a complaint shall be defined as a formal assertion in writing that the terms of SARA or the laws, standards or regulations incorporated by the SARA Policies and Standards have been violated by the institution operating under the terms of SARA.

For a list of SARA member States, please visit the NC-SARA website. Students residing in non-SARA states should consult their respective State of residence for further instruction for filing a complaint.

**FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)**

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. Thus, with the exceptions listed below, the student must authorize access or corrections to the student’s record(s) in writing through the Registrar’s Office. Students are notified of their FERPA rights annually.

Nothing in this policy requires the continued maintenance of any student record. However, if under the terms of this policy a student has requested access to the record, no destruction of the record shall be made before access has been granted to the student. The designated record keepers should ensure that only pertinent items are retained in the student files.

FERPA rights cease upon death. However, it is the policy of Visible Music College that no records of deceased students be released for a period of 25 years after the date of death, unless specifically authorized by the executor of the deceased's estate or by the next of kin.

**LIMITATIONS**

Students may review anything in their records, except as listed below:

1. Confidential letters of recommendation.
2. Financial records of the student's parents or any information contained therein.
3. Medical and psychological records.
4. Other documents which students have waived their right to access. Waivers are subject to the following conditions:
   a. Waivers can be signed only for the specific purposes of application for admission, candidacy for honor or honorary recognition, and candidacy for employment.
   b. Waivers cannot be required or used surreptitiously.
   c. The student shall be told, upon request, the names of those supplying references.
5. All items in the academic record not covered by waivers are open to the student. Material not covered by waivers may not be protected by keeping it out of the student's file.
6. Academic documents inaccessible to students because they are segregated by waivers are to be used only for the purpose for which they were prepared.

**EXTERNAL USE OF INFORMATION**

**Directory Information**
Visible Music College may disclose directory information without the student’s written consent, unless the student has requested otherwise on his/her FERPA Contract. Some information cannot be restricted (as designated by the asterisk). Directory information is information that would not be considered harmful or an invasion of privacy if released.

INTERNAL USE OF INFORMATION

Legitimate Educational Interest
The designated record keeper determines whether a request constitutes a legitimate educational interest. This determination will be made scrupulously and with respect for the individual whose records are involved. College officials have a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility, except where access is prohibited by special policies such as those governing medical and psychological records.

Student Right to Access
The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:
1. The right to inspect and review the student’s education records within 45 days of the day the College receives a request for access. Schools are not required to provide copies of records unless extenuating circumstances prohibit an in-person review of the records. Schools may charge a fee for copies.
   a. The student should e-mail the designated record keeper a request that identifies the desired record(s). The record keeper will schedule a time for the student to access and inspect the record(s), or advise the student to contact the appropriate record keeper. The student will review the file and complete
the "Student Record Access Verification" Form that is in the file. The file must remain in the designated record keeper’s office at all times.

2. The right to request the amendment of the student's records that the student believes is inaccurate, misleading, or in violation of the student's right to privacy,
   a. The student should e-mail the designated record keeper a request that identifies the perceived inaccuracy of the record(s) and recommends an amendment. If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his/her right to a hearing regarding the request for amendment.
   b. The hearing will be conducted by a hearing officer who is a disinterested party. However, the officer may be an official of the institution. The student may be assisted by one or more individuals.
   c. Visible Music College will prepare a written decision based solely upon the evidence presented at the hearing. The decision will include a summary of the evidence and the reasons for the decision.
   d. If Visible Music College decides that the challenged information is not inaccurate, misleading, or in violation of the student's right to privacy, it will notify the student that he or she has a right to place in the record a statement commenting on the challenged information or setting forth reasons for disagreeing with the decision.
   e. The statement will be maintained as part of the student's record as long as the contested portion is maintained. If Visible Music College discloses the contested portion of the record, it must also disclose the statement.
   f. If Visible Music College decides that the information is inaccurate, misleading, or in violation of the student's right of privacy, it will amend the record and notify the student in writing that the record has been amended.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent (e.g. Directory Information, Legal/Professional Compliance, and Legitimate Educational Interest). The student should contact the Registrar to review or update consents on his/her FERPA Contract.

4. The right to disclose—without written consent or knowledge of the student or parent—personally identifiable information from the student's education records to the Attorney General of the United States or to his/her designee in response to an ex parte order in connection with the investigation or prosecution of terrorism crimes specified in sections 2332b(g)(5)(B) and 2331 of title 18, U.S. Code. In addition, the institution is not required to record the disclosure of such information in the student’s file.

5. The right to disclose—without the written consent or knowledge of the student or parent—information from a student’s education records in order to comply with a "lawfully issued subpoena or court order in three contexts. (Grand Jury Subpoenas, Law Enforcement Subpoenas, and all other Subpoenas.)

Governance and Support

Visible Music College is governed by, and accountable to, a self-sustaining Board of Trustees. This board holds title to property, collects and dispenses funds, elects administrative officers, faculty, and staff, and sets the policies governing the college. The faculty, staff, and administration are charged by the Board with the responsibility of implementing the policies that have been approved, recommending new policies and changes in policies, and leading the college in the task of ministerial and artistic education.

Students also have opportunities to share in the government of the college through the Student Government Association, the Peer Appeal Council, and through membership on certain committees.

Visible Music College is multi-denominational in its scope and practices. On the local, state, national and international levels, the college participates in a variety of cooperative endeavors with Christian ministries. The college community includes persons with various backgrounds, cultures, and denominational traditions. This richness is one of the college’s strengths. The college values multi-denominational cooperation in ministerial and artistic education, welcomes various theological understandings and practices within the scope of Christian orthodoxy, and affirms the contributions of all members of the college community. Though diverse in race, gender, and tradition, the common bond of love in Christ binds the community together.
