You, the prospective student, must create and upload to YouTube a 15-minute maximum video with the following components:

1. Play the following scales: G major & G minor, one octave, in two different places on the neck.
2. Submit one performance that best represents your preferred stylistic genre and ability. The performance may include other musicians, play-along tracks or original recordings. You may submit previously-recorded performances that feature your playing.
3. Demonstrate an understanding of sub-division by plucking or picking quarter notes, eighth notes, and sixteenth notes over a metronome set to 65 bpm.
4. A recording that demonstrates the ability to lock in with the kick drum pattern of a verse, chorus, or bridge section of a contemporary worship song of the prospective student's choosing.

You are the focus of this video so please make sure your camera is focused on you and the sound quality is adequate enough for us to assess your performance.
